Shipments must be delivered at Bring Tromsø two business days before departure, before 3pm. Fresh and refrigerated cargo (food) needs separate agreement. Shipments from Longyearbyen must be delivered two workdays before arrival according to the sailing plan.

Svalbard is outside the Norwegian customs territory, so customs documentation must be provided by the delivery deadline. Dangerous goods are regulated by the IMDG Code, and the sender is responsible for identifying and classifying the goods (using, among other things, safety data sheets) and ensuring proper packaging, labeling, and documentation before transport. Shipments without the necessary documentation will not be shipped in accordance with applicable regulations.

Winter surcharge will apply in the period 01.01 – 31.03. Goods requiring special equipment or extra time for loading and unloading must be booked in advance, as it could lead to additional costs.

Special circumstances as weather and ice conditions might change the sailing plan and our disposal of the ship. Please note that Bring's liabilities are defined by the Norwegian Maritime Code and NSAB.

We advise customers to use our service "Business Parcel" if you have consignments with real weight not more than 35 kg. Alternative would be "Norgespakke™",
