

# Posten Bring Checkout + Dintero

By implementing Posten Bring Checkout as a Dintero customer, you gain access to a range of new features in the checkout - ETA, logo, service name, optional pickup point, service description, and the ability to retrieve shipping labels directly in the order management.

This is done by selecting the following options in WooCommerce:

**Settings -> Payments**

**Check off "Enable Dintero Checkout"**

**Select "Checkout Express Pop-out" under Checkout**

**Check off "Display Shipping in Checkout Express"**

**Save by selecting "Save settings"**

**Your details**

Private customer Change
